GoChinese

Language Learning Platform

Online Accessed ● **Over 40,000 Lessons & Exercises** ● **Teach & Learn from Your Own Content**

Award-winning, online language learning platform that offers a **wide range of resources for schools**, including GCSE/iGCSE/A Level, IB curriculum and AP level resources.

GoChinese allows students to point their cursor, double-click or highlight the lesson text to **hear the spoken voice and view Hanyu Pinyin as well as English definitions**.

GoChinese offers resources that support what's being taught in your classroom

- Features lessons and exercises that support your particular textbook and teaching curriculum

- Adds voice, Pinyin and English definitions to any lessons or homework that teachers create

- Allows students to create and share their own multimedia-rich content

GoChinese is facilitating learning and increasing test scores

- Raising test scores of all four language skills

- Active logins among teachers and students

- Saving teachers' time with homework assignments

- Positive feedback from users around the world
